XP5: Activating EPTT

1. Select the EPTT button on the side of the XP5 phone or select the EPTT icon on the panel of the Home screen.

2. The screen prompts you to enter the activation code provided by the corporate administrator in the specified text box. Enter the activation code and click Yes to activate the EPTT over Wi-Fi network.
XP5: EPTT Menu Icons

From the handset’s Home screen, select the EPTT icon and launch the application. The following EPTT menu icons are displayed:
Green, White, and Red Color Bars

- Green color bar - “available”
- White color bar - “unavailable”
- Red color bar - “do not disturb”
XP5: Alerts and Missed Calls

Receiving Personal Alert
When a personal alert is received, the user is notified with the sender’s details such as Name, Date and Time. Select the Call button or press EPTT hard key to initiate EPTT call to the sender.

Missed call Alert
If an EPTT call comes in while you are on a regular phone call or on another EPTT call, you will receive a Missed call alert. You can press the EPTT hard key to make a call.

When the user is in Do Not Disturb mode, personal alerts can still be received.
XP5: EPTT Status

Available: You are available to accept calls and can send or receive alerts.

Do Not Disturb Status:
When the EPTT service is set to Do Not Disturb, My Status is in Do Not Disturb status and the icon is displayed red in color.
XP5: EPTT Call History

- Access call history by going to EPTT
- Push menu button
- Go to view history
- Push menu button
- Push delete all
XP5: EPTT Call Screens

Below are the different call screens users see when using EPTT:

- User has the floor
- No one has the floor
- Other party has the floor
